We learn from each other while we explore appliqué in all of its forms. New techniques are taught and old techniques are revisited. We bring our own appliqué projects to work on. Last year we studied such topics as fabric/color/value choices, making bias strips, marking background fabric for appliqué, and even a session on Hawaiian appliqué. A couple of topics to begin this year are appliquéing with wool and reverse appliqué. Members of the group decide what topics we'll explore-Team during is a great group of quilters, and members are very willing to help each other when needed.
